

INGREDIENT HIGHLIGHTS

- Glycolic Acid, Lactic Acid, Kojic Dipalmitate, Bisabolol, Allantoin, Biosaccharide Gum-1, Tetrahexyldecyl Ascorbate, Sunflower Seed Oil, Wheat Germ Oil, Licorice Root Extract, Hyaluronic Acid

INGREDIENT HIGHLIGHTS

- Water, Glycolic Acid, Lactic Acid, Sodium Hydroxide, Isopropyl Myristate, Stearic Acid, Glyceryl Stearate, PEG-100 Stearate, PPG-2 Myristyl Ether Propionate, Kojic Dipalmitate, Dimethicone, Cetyl Alcohol, Stearyl Alcohol, Bisabolol, Allantoin, Potassium Cetyl Phosphate, Cyclopentasiloxane, Biosaccharide Gum-1, Tetrahexyldecyl Ascorbate, Helianthus Annuus (Sunflower) Seed Oil, Triticum Vulgare (Wheat) Germ Oil, Glycyrrhiza Glabra (Licorice) Root Extract, Sodium Hyaluronate, Tocopheryl Acetate, Panthenol, Sclerotium Gum, Sodium Metabisulfite, BHT, Tetrasodium EDTA, Phenoxyethanol, Ethylhexylglycerin

FADE-12

HAND & ARM CREAM

DESCRIPTION

An advanced multi-active formula designed for rapid and significant improvement in the appearance of hands and arms. Fade-12 features our new **EpHQuinone™** Technology, an innovative whitening complex, combined with alpha hydroxy acids and botanical extracts to maximize penetration and stimulate cell turnover. **EpHQuinone™** interrupts the melanogenesis pathway at multiple points, resulting in rapid and effective improvement in age spots and other excess pigmentation. Utilizing a Trans-Epidermal Carrier System, Fade-12 penetrates skin and stimulates cell turnover, resulting in hands which look years younger within weeks of use.

BENEFITS

- ✓ New EpHQuinone™ technology results in rapid removal of age spots and hyperpigmentation
- ✓ Contains 12 active ingredients, that penetrates the skin and stimulates results
- ✓ EpHQuinone™ Interrupts the melanogenesis pathway at multiple points, resulting in rapid and effective improvement in age spots and other excess pigmentation.
- ✓ Trans-Epidermal Carrier System, Fade-12 penetrates skin and stimulates cell turnover, resulting in hands which look years younger within weeks of use.
- ✓ Rapidly Fades age spots and hyperpigmentation
- ✓ Clinically proven to reduce melanin synthesis by 80% in 6 weeks
- ✓ Reduces lines and wrinkles
- ✓ Alpha hydroxy acids stimulate cellular regeneration resulting in brighter, firmer skin
